Allowed Claims: 6-10

***Response to Arguments***

Applicant's arguments see Response, filed November 8, 2004, with respect to independent claim 1, as amended November 8, 2004 and then rewritten as independent claim 6 in the amendment received November 16, 2004, have been fully considered and are persuasive.

***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance: none of the prior art alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103.

Specifically regarding independent claim 6, none of the prior art alone or in combination disclose or teach of an optical element comprising a lens barrel having an inner peripheral surface and an annular recess extending axially specifically including a flange adhered to the lens barrel wherein the flange includes an optically functional surface, an adhering portion and a raised annular portion extending axially and disposed radially inward of the adhering portion to prevent adhesive from flowing to the optically functional surface.

***Drawings***

For applicant's information, the amendments to the drawings filed November 8, 2004 have been filed with the application and overcome the previous objections to the drawings.

***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
